Winter Classes by Teacher:

*Classes with Denise White:*

**Charming Bed Runner** — Bed runners are a new and exciting concept in home décor! Instead of making a cover-the-whole-bed quilt, you accent a plain bed covering with a bed runner to coordinate with your decorating scheme. This project starts with a handful of pre-cut “charms” – 5-inch squares – and finishes in no time! You can easily customize the size to fit your bed.

**Sunday, February 26; 1 to 5 pm**

1 Session • Class fee: \$25

Skill level: Beginner

Book required

**Fanfare Log Cabin** — This project puts a fun, new look on an old favorite! Think you know Log Cabin? This lap-size quilt has a pieced center block that resembles a starburst. The angles are made easy with a new ruler – Denise will show you how.

*Class with Bev Fears:*

**Improvisational Quilting Workshop** — Improvisational quilting is a form of piecing without a predetermined pattern or plan. In short, it is free-form, go-from-your-gut and surprise yourself! Most of us are used to “following the rules” of quilting. But this workshop will give you the freedom to step away from the rules and unleash your creative side. In this beginner-friendly class you will make a small wall hanging – but if you’re anything like Bev, this will be just the beginning of your improv piecing adventures!

**Thursday, February 16; 10 am to 1 pm**

– or –

**Sunday, March 18; Noon to 3 pm**

1 Session • Class fee: \$25

*Classes with Maureen Bird:*

**Classic Lone Star** — Strongly graphic and radiating color, this quilt is always a crowd pleaser. Making this classic quilt using modern rotary cutting and strip piecing techniques is fun and fast. If you aren't best friends with "Y" seams, working with these large-scale pieces will enable you to master this technique so you can use this newfound skill on later projects. Whether you select four or seven colors, the technique is the same. This class will also explore alternate pieced setting squares if you choose to further enhance your design.

**Thursday evenings, 6:30 to 9 pm**

**February 9, 16, 23 and March 1**

4 Sessions • Class fee: \$55

Skill level: Confident Beginner

Book required

**Tip-Top Triangles** — Large-scale 60-degree triangles set the stage for showcasing splashy prints. Use as few as seven half-yard cuts or add as many as you want! A single sashing fabric keeps this design under control. This quilt top has a fresh, modern vibe and would definitely appeal to a teen or anyone who is young at heart.

**Thursday evenings, 6:30 to 9 pm**

3 Sessions • Class fee: \$45

The "Square Dance" Mystery Club will meet on the following Saturdays at 9:00 am: **February 18, March 17, April 21, May 19 and June 16.** Each month you will get directions – a "clue" – in one segment of the quilt and see Sue's example of that segment. Sue will also review construction of that month's segment including pressing tips. There will be door prizes, too. We'll help you with your fabric selections and have sample "story boards" to illustrate possible fabric groupings. Your choice of a twin or queen-size quilt.
